Questions dealers ask us most often

What is the minimum order?

Rs 10,000 per order, and the per-item minimum quantity shown in the price list. We do not break the minimum quantity on any item.

Can you supply below the minimum quantity?

Only for a trial order from a new dealer, once. After that the minimum applies.

How long does delivery take?

Within Amravati district, 2 to 3 days. Rest of Vidarbha, 4 to 6 days. Rest of Maharashtra, 7 to 10 days. Monsoon season can add 2 days.

What is the warranty?

Manufacturing defects only, 6 months from the invoice date on all items except sprayer pumps, which carry 12 months on the pump body and 3 months on the battery. Normal wear is not covered.

Do you supply directly to farmers?

No. We sell only to dealers. Farmers should contact their nearest dealer. We can tell you who that is if you send us your taluka.

What are your payment terms?

It depends on the order value slab. See the dealer slab table. New dealers pay 100 percent advance for the first three orders regardless of value.

Do prices include GST?

No. All prices are ex-factory and exclude GST. GST is charged at the applicable rate on the invoice. Check the current rate with your accountant — do not assume it.

What if an item arrives damaged?

Tell us within 48 hours of delivery with photographs. We replace transit-damaged items free. Claims after 48 hours are not accepted.

Do you make items to order?

Yes, for orders above 200 pieces of one item. Lead time 3 to 4 weeks. Tooling cost may apply for a new size.
